

Savoy Kanary Kats Membership Newsletter

The 2024-2025 season has begun, and we've even had a few days of low temps in Savoy... winter is on its way. Hopefully it will be a great one! The dry fall and significant work maintaining the trails over the summer and fall have left them in good shape, but there's always more to do. Please get out and volunteer on our Sunday trail trims or Wednesday equipment nights. We supply all the tools, directions and materials; you just need to show up. Our club meetings are held the 2nd Friday of each month at the groomer garage located at 90 Tilton Road, Savoy, MA - please join us!

Trail passes are \$75 per sled on or before December 15th. After December 15th, they will be \$90 per sled. Trail passes and memberships are available through our website using PayPal or through SAM for an additional \$5 convenience fee. If you choose SAM, you will receive a receipt via email that can be used as verification of your trail pass prior to receiving your sticker in the mail. You can find SAM's link on our website (www.savoykanarykats.org) or our Facebook page. Also attached is the membership application if you wish to mail it in. Family memberships will still be offered but can only be purchased at a club meeting after working a trail trim, an equipment repair night, or a club event. With family membership, you pay \$75 for the first trail pass and \$50 for each additional pass up to four pass total.

This year we're raffling off a 2025 Ski-Doo MXZ X 600R E-Tec 129 and tickets are \$20 each. See a club member, our webpage or supporting locations for tickets. Enclosed is a ticket, please support your club with either selling the ticket or purchasing it for yourself. **Please remember this is the club's only fundraiser!** Mail it with your membership application or bring it to one of the club meetings or the sled expo. The drawing will be held on Saturday, January 25th 6 pm at Pub 116 on the Plainfield/Savoy line but check our website for updates.
